

CLASS RANKINGS

Because some colleges and organizations use class rank as a basis for admission or awarding scholarships, class rankings shall be computed and will be made available upon request to students and parents in grades 9 through 12.

Class rank will be determined by dividing the grades by the total number of classes (GPA).

Graduation honors will be determined by level of Hathaway eligibility. Students eligible for the Hathaway Honors scholarship (25 ACT/3.5 gpa) will be considered graduating with High Honors; Students eligible for Hathaway Opportunity scholarship (21 ACT/3.0 gpa) will be considered graduating with Honors. Students must follow the prescribed honors course of study to be eligible to receive honors.

Student speakers for graduation will be determined by selecting the highest composite ACT score among those eligible for Hathaway Honors.
